# Mt. Washington Pediatric Hospital's Pediatric Endocrine Services

Mt. Washington Pediatric Hospital's outpatient Endocrine Clinic is pleased to offer comprehensive evaluations and treatment of children and adolescents with endocrine disorders and diabetes. These conditions include but are not limited to:

- Bone Disorders
- Growth deficiency/Overgrowth
- Pituitary hormone deficiencies
- Hypertension
- Thyroid disorders
- Hirsutism/PCOS
- Disorders of calcium/phosphate metabolism
- Hypoglycemia
- Hypercholesterolemia and hypertriglyceridemia
- Obesity
- Precocious and delayed puberty
- Prader-Willi Syndrome
- Congenital and non-classical adrenal hyperplasia
- Diabetes insipidus
- Diabetes mellitus

The Diabetes program employs a multidisciplinary approach with a team consisting of physicians, nurses, nurse educators and dietitians providing care for patients and families. Also offered is a transitional clinic for diabetic adolescents and young adults to address their unique needs.

To schedule an appointment with Mt. Washington Pediatric Hospital's Pediatric Endocrine Services, please call **410-367-2222**.
