

Dear Parent or Guardian:

Thank you for calling about an appointment in the Center for Nutritional Rehabilitation. Please complete and return the New Patient Information form. Please have your pediatrician fax any recent lab results, nutrition referral sheet, a growth chart and last clinic notes to us as well.

Please send the above requested information back to us at:

Mt. Washington Pediatric Hospital
Center for Nutritional Rehabilitation
1708 West Rogers Avenue
Baltimore, MD 21209

You may choose to fax them to us at **410-578-2654** or email them to cnrclinic@mwph.org.

Please be sure that you return:

- New Patient Screening Form with exercise and food logs
- Please complete the 3 day food logs; this is a vital piece of information for your visit.
- Growth chart, last clinic note, Nutrition referral sheet and any recent blood work results from your child's pediatrician. (May be faxed to us at 410-578-2654)

Forms must be received at least two weeks prior to your scheduled appointment. Please note, new patient appointments take approximately 2 hours and we can provide notes for school or work absences if needed. You should contact your insurance company before your appointment to check benefits. We verify your benefits as a courtesy, but it is your job to know your benefits. We wait until one week before your scheduled appointment to check benefits. If your insurance changes or you have authorization questions for us after speaking with your insurance company, please contact our authorizations department. You may be able to qualify for financial help if your insurance does not cover part or all of the clinic costs. Please ask us if you need help.

Should you have any questions about your appointment time or need to reschedule your appointment, please call 410-578-5250.

Thank you.

MWPH Program Coordinator
